Criteria and Field Definitions

INCLUSION CRITERIA

Inclusion Criteria	Definition
Trauma Inclusion Criteria	Include: All Trauma Casualties regardless of Injury Classification (Battle vs Non Battle) or Patient Category (Military vs Civilian) Trauma Codes include: Trauma codes between (ICD-9 800-959.9; ICD-10 S00-T88.9); Near drowning/drowning if related to an injury (ICD-9 994.1); iii. Inhalation Injury (ICD-9 987.9)
Role 3 Facilities	All Trauma Admissions, Deaths, or Transfers (Sent a higher echelon or to another facility with specialized care)
Role 2 Facilities	Include all initial trauma visits/treatments that are transferred out for continued trauma care. Traumatic brain injury (TBI) patients are the only EXCEPTION; track ALL TBIs regardless of disposition. Include all KIAs, DOAs and DOWs. (Do not include Follow Up visits of any kind)

HEADER

Field	Definition	Example
Operation	Name of Military Operation	
Date	Submission Date of Trauma Log	2018-11-01T00:00:00.000
Phone	Contact Number of Personnel completing and submitting trauma log (DSN)	555-555-5555
Facilit/Unit Name	Name of Facility	
POC Email	Contact Email of Personnel completing and submitting trauma log	

BODY

Field	Definition	Example
Last Name	Patient's Last Name (Include any additional pseudo identifier applicable)	Scott (JALxxxx)
First Name	Patient's First Name (Include any additional pseudo identifier applicable)	Michael (Thor)
DoDID/SSN/PSSN	Patient's DoDID, SSN (US or Facility Pseudo-Include any additional Pseudo SSN identifiers)	SSN: 123-45-6789 (PSSN: xxx-00-xxxx)
Battle Injury (BI) vs. Non-Battle Injury (NBI)	BI: The injury occurred as a result of or during battle-related activities or hostile action; person lost to the organization by reason of or as a result of hostile action or terrorist activity. All conflict-related explosive and projectile mechanism of injuries (GSW, IED, mortar, RPG, etc.) are considered Battle Injury, unless documented as non-hostile or self-inflicted. NBI: Casualty due to circumstances not directly attributable to hostile action or terrorist activity. If there is not enough documentation to determine whether the injury is a Battle Injury, then it should be considered a Non-Battle Injury.	BI
Pt Category	Patient Category: US Military; US Civilian; Non-US Mil; Non-US-Civ; DP: Detained Personnel	A11
Injury Date	Date of Injury	1985-01-01T00:00:00.000
Transfer From?	Patient location PRIOR arriving to your facility; i.e. POI (Point of Injury) or Transferring Facility	POI
Arrival Date	Date of Arrival	1985-01-02T00:00:00.000
Discharge/ Transfer Date	Date of Discharge or Transfer; where pt went AFTER leaving your facility	1985-01-03T00:00:00.000
Discharge Status	Status at Discharge: Alive or Dead	Alive
Discharge/Transfer To?	RTD, Home or Facility patient transferred to	R4/CONUS
Med Record Uploaded in TMDS/MHS Genesis?	Were handwritten records scanned and loaded into TMDS or MHS Genesis?	Uploaded Y/N
