

JOINT REQUIREMENTS
OVERSIGHT COUNCIL

THE JOINT STAFF
WASHINGTON, D.C. 20318-8000

JROCM 126-17
11 December 2017

MEMORANDUM FOR: SEE DISTRIBUTION

SUBJECT: Department of Defense Trauma Enterprise DOTmLPP-P Change Recommendation

1. The Joint Requirements Oversight Council (JROC) reviewed the Department of Defense (DoD) Trauma Enterprise (DTE) DOTmLPP-P Change Recommendation (DCR). The JROC approves the enclosed actions and designates the Office of the Joint Staff Surgeon as the lead organization for their implementation.
2. This DCR identifies gaps in DoD's ability to deliver and manage trauma care across the continuum of care (from point of injury through definitive care) in support of deployed operations and home station activities conducted in a garrison environment. It presents a suite of integrated DOTmLPP-P solutions to mitigate the gaps.
3. The JROC requests that the Office of the Secretary of Defense, the Services, and the Combatant Commands implement actions as outlined in the enclosure. The JROC also requests the Office of the Joint Staff Surgeon provide a DTE DCR semiannual update to the Health Readiness Working Group and an annual update to the Force Support Functional Capabilities Board.

A handwritten signature in black ink, appearing to read "Paul J. Selva", written over a horizontal line.

PAUL J. SELVA
General, United States Air Force
Vice Chairman
Of the Joint Chiefs of Staff
